

Summer 2009
Electives and Prerequisites

All Elective courses require the completion of first year day courses for full-time students and part-time day students and first and second year evening courses for evening students. Additional prerequisites are listed below. Students are responsible for registering only for courses for which they have met the prerequisites. Students who incorrectly register for a course for which they lack a prerequisite, risk withdrawal whenever the mistake is discovered-even if not discovered until the semester is completed.
